

GENERAL SCHOOL POLICIES

Parking

Students may park in the student lot or lower teacher's lot between the trees. No parking along the sides of either building. No parking in front parking lot as it is for visitors or parents. No parking in apartment parking lot or St. Andrews property.

Students are not allowed to park in St. Andrews parking lot. Cars will be towed at the students expense if they are found parking in that lot. Also, suspension will be discussed.

Enter south drive and exit around the school and out the north drive, as our parking and driving system works in a "one-way" direction. Do not leave or enter the campus through the Vieux Carre' Apartment complex.

Those wishing to enter parking lot – yield to those leaving.

Once you have arrived on the school grounds, you may not leave for any reason without permission from the front office. If you are found leaving, this offense is punishable with suspension.

Students are not allowed to leave campus at break or in-between classes. Suspension is probable if you break this rule.

Students are not allowed to go out to their cars during class or between classes for pens, paper, books, etc. This could cause serious problems, as the parking lot is not attended at this time.

Very Important: Observe "15 mile per hour" school zone law on Old Canton Road.

All Cigarettes should be extinguished before arriving on campus since smoking on campus is strictly prohibited. Suspension is probable if a student is smoking on campus.

No Offensive/inappropriate language may be used on school grounds-including the parking lot.

No eating, drinking or gum chewing allowed in the building. Put all litter in provided trash cans before you enter the buildings. (Bottles, cans, candy wrappers, pop tops, gum wrappers, etc.)

Students or guests are not allowed to congregate in the parking areas. Anyone visiting must notify the front office personnel and receive a visitor's pass.

No loitering on parking lot after classes are dismissed.

You are not allowed to leave your car on campus when you leave the premises with someone else.

Car stereos and radios are not allowed to be played while on the school parking lot.

Do not drive in a reckless manner (speeding, squealing tires, etc. on or near the school grounds – Old Canton Road.) You will be warned the first time and will not be allowed to drive a vehicle on campus for one week. The second time, the privilege of driving on campus will be permanently suspended and it will be the responsibility of the parents to drive the student to and from school.
